Costings for Website Security Upgrade

Migration from old website

- Upgrade Exponent CMS from 0.97 to 2.3.3
- Migrate existing pages to new Exponent
- Fix problems with pages due to incompatibilities & bugs
- Moving to the new domain name
- Final go-live tweaking

COST: \$575

(in addition to \$288 already spent on exploratory work)

Upgrade of Main website

- Convert existing 'Dexter' theme to new version of Exponent
- Remove View Panel
- Redesign bottom area of home page, allow headings to be edited from CMS
- Upgrade 'News' area of front page

COST: \$950

Mobile website

(as an adjunct to main website)

- Build a template for the mobile version of the site using the existing design
- Include a link to the full version for users on large tablets that want to see the full site

COST: \$425

TOTAL: \$1950
